## Installing on iPhone (iOS)

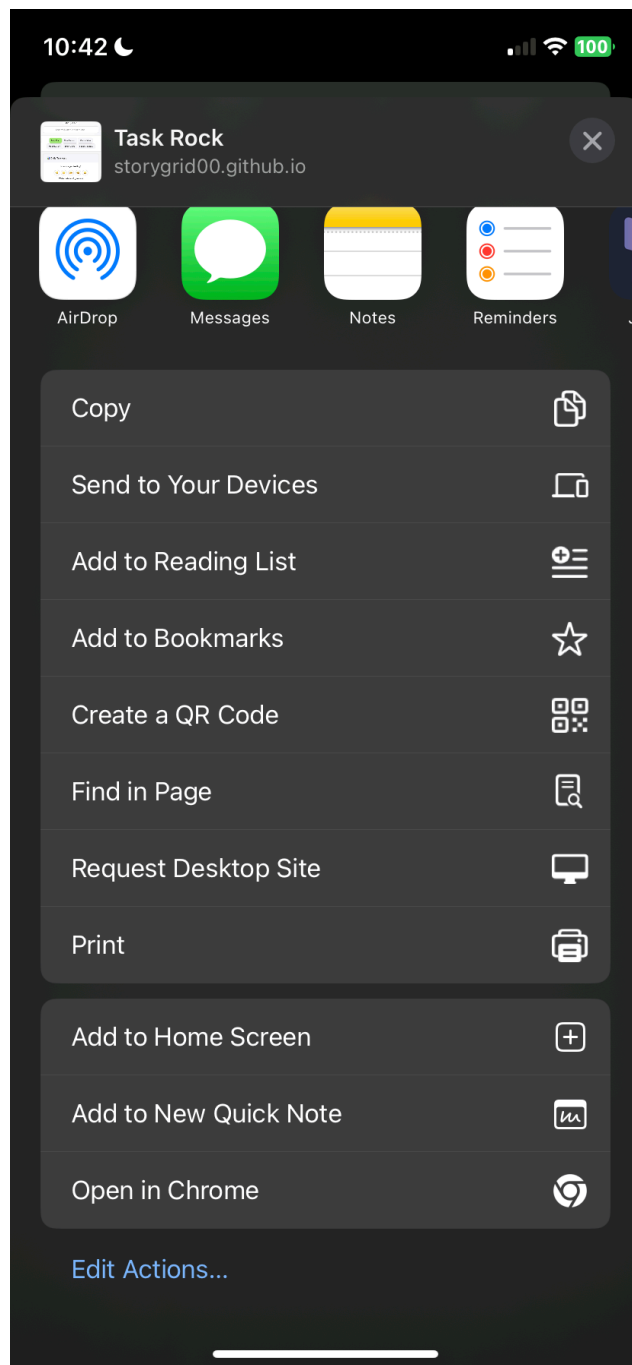

---

For iPhone users, the Daily Planner PWA is installed directly through the Safari browser, ensuring a streamlined experience that aligns with iOS system functionalities.

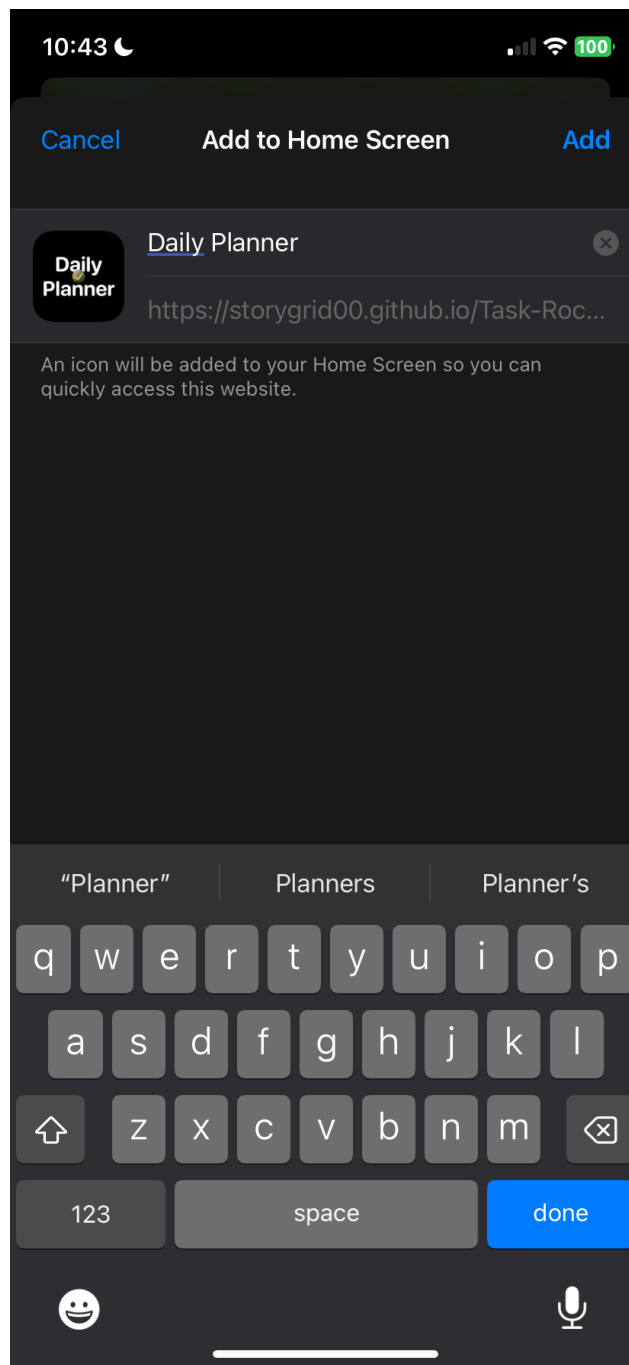

- 1. Open Safari and Navigate:** Launch the Safari browser on your iPhone. In the address bar, enter the Daily Planner PWA URL: <https://storygrid00.github.io/Task-Rock-Planner/>. Ensure you are using Safari for optimal PWA installation on iOS.

2. **Tap the Share Icon:** Once the Daily Planner PWA has fully loaded, locate and tap the Share icon (represented by a square with an upward-pointing arrow) situated at the bottom of your Safari screen.

3. **Select 'Add to Home Screen':** From the presented share sheet options, scroll down and tap 'Add to Home Screen'. This action prepares the PWA for integration with your device's interface.

4. **Confirm and Add:** A preview screen will appear, displaying the app icon and its default name, 'Daily Planner'. You may customize this name if desired. To complete the installation, tap 'Add' in the top-right corner of the screen.
  5. **Launch from Home Screen:** The Daily Planner PWA icon will now be conveniently placed on your iPhone's home screen. Tap this icon to instantly launch the application, offering a native app-like experience.
